I loved the fruit in the 2013 Pinot Noir Coastview Vineyard and it's one of the more textured, layered wines in the lineup. Crushed rocks, rose petals, violets, leather and assorted, perfumed Pinot Noir fruit all emerge from this medium-bodied, balanced, juicy and straight up delicious wine. It shows the leaner, fresher style of the estate, yet has texture. Fermented with 30% whole clusters, give it a year or so and drink bottles through 2023. - JD
