

# Drew

## PROFILE

With over 25 years in the wine business in Central and Northern California, Jason Drew brings a vast depth of knowledge and a holistic perspective to his winemaking. Drew focuses on small lot coastal Pinot Noir and Syrah from Anderson Valley and the Mendocino Ridge. For his sourced fruit, he has long standing partnerships with several local vineyard growers who share his passion for sustainable and meticulous farming practices. Single vineyard sources are chosen for their climate, clonal selection and complexity of soil type. Winemaking practices remain focused on traditional methods that include whole cluster and native yeast fermentations, hand punchdowns and no fining or filtering.

This appellation blend Syrah hails from our two Mendocino Ridge Syrah sites. The Perli Vineyard is 10 miles from the ocean and is perched 2,400 feet above sea level on a very thin and steep east facing slope. Perli has the oldest field selection known to California that was propagated in 1880 by the San Jose Mission. The Valenti Ranch is a mid elevation (1250- 1400ft) site on top of Greenwood Ridge, 6 miles from the ocean on a steep east face.

## SPECIFICATIONS
