The 2018 Barolo Cannubi is silky and fine with light tones of wild berry, blackcurrant, earth, spice and licorice. It shows the most elegant aromas associated with Nebbiolo, especially from the prized Cannubi vineyard with loose sandy soils (or Sant'Agata marl with fossils) that always lead to texturally delicate and complex wines. Fruit comes from a 1.3-hectare parcel with 40-year-old vines. Production is 6,000 bottles.
