

# Whitcraft Winery

## Santa Ynez Valley Pinot Noir “Pence Ranch – Clone 115”

*When Drake Whitcraft took over the family winery in 2007 (the winery was founded two decades before, in 1985 by his parents, Chris and Kathleen) his goal was to make balanced Central Coast wine of purity, honesty, and finesse. Because he grew up within the culture of wine and California winemaking, he was perpetually under the tutelage of both father Chris and friend Burt Williams, founder of the legendary Williams-Selyem winery in Sonoma. During a two year stint in Australia working at Green Vineyards with first-generation Italo-Australian and biodynamic guru Sergio Carlei, he got a good taste of certain practices he wanted to implement, not only in the vineyard and winery but also on the business side. Now Drake is vinifying with the same old school techniques his dad used (hand-harvesting, foot-pressing etc., no added enzymes or coloration) and with much veneration to Mother Nature herself.*

<b>Appellation</b>	Santa Ynez Valley AVA
<b>Varietals</b>	Pinot Noir Clone 115
<b>Location</b>	Pence Ranch
<b>Soil</b>	Loamy
<b>Vineyard Age</b>	Average of 10 years
