Brauneberger Juffer-Sonnenuhr Riesling Auslese 2015
Mosel, Germany

The Wine Advocate Issue #230 – April 2017

Score: 94 Points

Made with 50% to 60% of botrytis, the 2015 Brauneberger Juffer-Sonnenuhr Riesling Auslese displays a very clear and aromatic, slightly spicy bouquet of super ripe yet precise and fresh tropical fruit aromas intermixed with citrus fruit flavors. Sweet, piquant and with great finesse, this is a very stimulating 7% alcohol Auslese with aromatic raisin flavors and a sweetness (95 grams per liter) that is greatly moderated by the minerality as well as the great 2015 acidity. This 2015 Auslese is a Riesling you can't just taste: You have to swallow it! - SR
