

Max Ferd. Richter

Brauneberger Juffer-Sonnenuhr Riesling Spätlese 2014
Mosel, Germany

The Wine Advocate Issue #223 – March, 2016

Score: 92 Points

Picked with a high percentage of botrytis and fermented in traditional fuders, the 2014 Brauneberger Juffer-Sonnenuhr Riesling Spätlese shows a very fine and flinty slate aroma, intermixed with very delicate and concentrated stone fruit, as well as some highly delicate honey aromas. This is juicy, piquant and elegant Spätlese of great expression. Its acidity is sharp and precise like a laser sword, and the concentration is impressive. This is another remarkable Eiswein-like Riesling of Constantin Richter..
